At Pine Brook Camp, we believe every child deserves the chance to experience the joy of summer camp—no matter their financial situation. That's why we're raising funds to provide scholarships for kids and teens across New England. Set in a beautiful natural environment, camp is a place where students can build friendships, explore the outdoors, connect with nature, and grow in character. It's more than just summer fun—it's an experience that nurtures lifelong relationships and lasting personal growth.
